# SPRING'S

---

# TRACKDAY

## CIRCUITO DO SOL

---

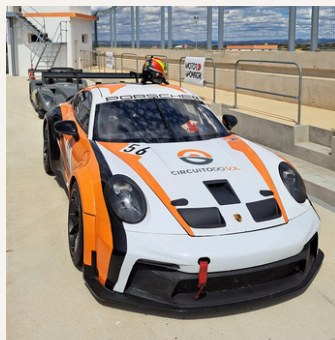

**drive several different cars  
during the weekend**

**Porsche Cayman  
Radical SR 1  
Golf GTI  
BMW M4  
Radical SR 3  
Ferrari 458  
Porsche 992  
Ligier LMP3**

We have created a fantastic package for you as a driver to be able to drive at this nurburgring inspiration facility located right on the Spain/Portugal border. Here you can find several different models and also drive with your own car

# More info driver, guests

21 March You can of course come earlier if you want more time in the sun. The Algarve is fantastic in March.

22 March If you want to come along as a guest without driving, this is of course fine. Children, partners, friends welcome. This trip will be enjoyable for everyone.

23 March same here, if you want to stay longer, we have contact with wineries, restaurants, accommodation.

Food, with breakfast, lunch, dinner will be included during Saturday's activity on the track and we eat as we should in the racing tent which always serves good food in the form of local Portuguese dishes but also a fantastic Thai.

Being able to drive a car at Circuito do Sol is of course a privilege that we would love to have create together as a group with like-minded friends.

This information may be gladly shared with friends who you think would appreciate an invitation.

We collaborate with several groups and organizers and we will speak Swedish, Norwegian, English.

You book your trip to Faro airport yourself, where we meet and go together or if you wish to rent your own car, that is of course fine.

10 drivers, we need to be at least 3 weeks before each event so that we can give our best service.

We are on Facebook, but all registration takes place by e-mail once you have paid, your place is reserved.

Should any form of force majeure occur and it is not possible to carry out the drive then of course you get the money back or a ticket for the next run.

# Planning March 21-23.

- March 21 We meet you at Faro airport by bus to our Hotel Beatriz in Serpa. if you come with your own car, we'll see you on the track
- 22 March Breakfast and bus to the track 20 minutes for briefing with the track, the cars. Driving from 10.00 with lunch 13-14 on the course.  
After the drive, there will be a joint dinner.
- 23 March breakfast for late departure to Faro where depending on the time of the flight. Take a walk in the Shopping district, a beer by the sea, We drive you to the airport without stress.
- If you want to build on the weekend with several days, we will be happy to help you with various solutions such as a visit to Portimão or accommodation in Algarve

We have together with Corcuito do sol put together a pack of several different cars that you drive for at least 5 laps. Timing is available if you wish (not required)  
If you wish to drive more laps with a car, you can rent more laps depending on time and number of cars. Feel free to bring your own helmet, it fits you best.

Are all who come professional drivers?

Everyone has at some point driven their first lap on the racing track, This group is open to all drivers regardless of prior knowledge.

All drivers receive a briefing and there is an opportunity to get their own driver coaching. We do not compete, but the driver who has had the most fun is the one who has succeeded the best.

Price by email as a conference, driver training or as a gift card for yourself, friend  
Our ambition is that you, as a guest, will have a fun weekend on the track and excel your expectations. The course is completely newly built and under constant transformation.

Roger Sandberg driver coach Endurance Norway

Hasse Söderström racing organizer is very much looking forward to meeting.

The first step is to write, add an e-mail or call

Roger +47 90 59 10 62

Hasse +46 70 798 23 78
